

Water Dispersible Powder

# VETPRO-30 वेटप्रो-30

Live Multi Strain Probiotic

200gms

## BENEFITS :

**VETPRO-30** is highly concentrated cost effective live microbial fermented and dried cultures of Lactic acid, gut colonizing bacteria and yeast with glucose as carrier for use as a Direct Fed Microbial (Probiotic) supplement for use in Poultry.

### ORGANISMS CONCENTRATION:

Vetpro-30 composes Probiotic Bacterial strains of 2 Lactobacillus, 1 Bacillus and 1 Bifidobacterium strains at 20 billion CFU/gm concentrations each and Saccharomyces Boulardii strains at 10 billion CFU/gm concentrations each as total viable counts.

### DOSAGE AND ADMINISTRATION FOR POULTRY:

#### Broilers:

100 - 200 gms./ 1,000 birds / perday  
or 1 gm./ per litre of drinking water

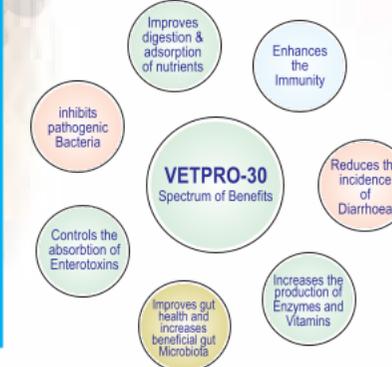

### BENEFITS OF VETPRO-30

- Prevents Bacterial infections mainly E.coli and Salmonella
- Improves health and immunity
- Higher and persistent Antibody Titers
- Improves Nutrient absorption and Utilization
- More Eggs in Layers, Thick shelled Eggs
- Better weight gain and improved FCR in broilers

- मुख्य रूप से ई.कोली और साल्मोनेला जीवाणु संक्रमण को रोकता है।
- स्वास्थ्य और प्रतिरक्षा में सुधार करता है
- उच्च और लगातार एंटीबॉडी टाइटर्स को बनाए रखता है।
- पोषक तत्वों के अवशोषण और उपयोग में सुधार करता है
- परतों में अधिक अंडे, मोटे छिलके वाले अंडे की गुणवत्ता को बढ़ाता है।
- बेहतर वजन बढ़ना और ब्रॉयलर में बेहतर एफसीआर को सुधारता है।

Vetpro-30 at above dosage ensures attainment of the optimum Probiotic organism's population of  $10^{12}$  -  $10^{14}$  CFU in the intestine of Broilers, Layers and Breeders.

**Note :** Use the product for minimum 10 days continuously at recommended dosage with water at maximum concentration of 1 g/L for beneficial results.

### IMPORTANT NOTICE

For growth, maintenance, productivity and performance  
Not for Medicinal use : Poultry feed supplement.
